Dear Sir/Madame,

Subject: Recommendation Letter for Timinis Konstantinos

I am delighted to support Timinis Konstantinos' application for an accounting internship.

I am Konstantinos's Physics teacher at Pascal Schools Lefkosia for the past two years, this includes his IGSCCE in physics and his current A-level in Physics. I find that he is a dedicated young man, determined to work hard to meet the requirements for securing a position at a good university.

He has an all-round character with many interests. He is also very well organised, disciplined and dedicated to his targets and I expect that he will be a valuable intern for your organization.

Konstantinos is working hard to achieve his maximum potential and I am confident that he will bring out the best of himself during his internship.

Yours faithfully,

Yiannis Papamichael
